LEGISLATIVE ACTION ALERT

>>>>>ACTION NEEDED<<<<<

The PA Conference of Teamsters is asking all affiliates to **contact PA Senator Jake Corman** and tell him to move PA Senate Bill 1220 to the floor for a full vote.

Let him know that the bill passed by almost unanimous bi-partisan support of the PA Senate Transportation Committee.

This legislation would mandate the Pennsylvania Turnpike to keep their compliment of Toll Collectors through the remainder of the collective bargaining agreement.

This legislation protects the 500+ men and women who were dismissed under the pretense of protecting worker's health during the COVID-19 pandemic. A recent joint hearing between the Senate Transportation Committee and Labor & Industry Committee showed a systematic failure of the Commission to honor the current CBA. The Commission held a hastily cobbled vote to eliminate these positions without any transparency or valid justification.

Neighboring states of Ohio, New Jersey and New York have all brought back their toll collectors in recent weeks. PA is the only state saying it is 'unsafe to bring back human toll collectors.'
