LEGISLATIVE ACTION ALERT

TEAMSTERS

TAKE ACTION

Since 1994, NAFTA has devastated working families, putting corporate profits ahead of people. What's worse is that NAFTA has become the blueprint for all other trade agreements, from the way that it was negotiated in secret, to the bad provisions that have made their way into every agreement that has been signed since then, to strong language protecting workers being left out of those new agreements.

Now, NAFTA is being renegotiated, and we are demanding that it be reframed to work for workers instead of corporate interests. Join Teamsters General President James P. Hoffa, the IBT Department of Political & Legislative Action, and Congressman Brian Higgins for a teleforum to update Teamsters on the status of NAFTA negotiations.

Date: Tuesday, November 28

Time: 8PM ET / 5PM PT
