LEGISLATIVE ACTION ALERT

YOUR JOB IS ON THE LINE

The Supreme Court will soon be stacked against labor unions worse than before

National Right-to-Work legislation will be coming our way. You can take that to the bank. Unless we elect a President that is labor friendly and guarantees to veto such legislation, your pension, wages, benefits and work safety will be on the line!

The choice you make at the ballot box on November 3, 2020 will have an impact on your wages, pension and benefits. It will be up to you to decide what is most important to you, your family and the future of your union being able to negotiate contracts that protect your wages, benefits and your job.

This election is not about guns, school choice, religion, etc. it is about your JOB & BENEFITS
